## PROFESSIONAL EXPERIENCE

**Infrastructure Security & Systems Lead** Army Medical Treatment Facilities Worldwide Nov 2016 – June 2019

- Commanded zero-day security updates and patch deployments across **21,000+ endpoints worldwide** using SCCM Software Update Points (SUP) and WSUS.
- Elevated defense IT security preparedness through the rapid standardized deployment of critical security controls, cutting vulnerability exposure windows by over 70%.
- Replaced legacy, high-cost third-party patch software with native automated deployment pipelines, saving hundreds of thousands of dollars in licensing fees.
- Enforced compliance with Defense Healthcare STIGs, patient privacy mandates, and local admin
